

DIY ARTMAKING: GREEN GREETINGS

ABOUT GREEN GREETINGS

The artwork found in the museum often was made from naturally found materials that were transformed to create the beautiful objects found throughout the galleries. Just in time for the holiday season, expand your imagination and use natural materials to create greeting cards for friends and families. Make cards year round for any special occasion.

MATERIALS

- Scissors
- Glue
- Paper, cardstock, or another material to create your card
- Natural material such as dried pastas, beans, lentils, rice, flowers, spices, feathers, etc
- Pen/Pencil/Marker

INSTRUCTIONS

Step 1

Gather all materials to create your card.

Step 2

Begin collaging materials together on the front of your card, gluing pieces down one at a time.

Step 3

Wait for the front of your card to dry.

Step 4

Using a pen, pencil, or marker, write your special message inside the card.

Step 5

Share with family and friends!
